

RECRUITMENT OF INDEPENDENT NON-EXECUTIVE MEMBERS OF THE BOARD OF DIRECTORS FOR CONSTRUCTION PRODUCT INFORMATION

THE OPPORTUNITIES

Construction Product Information Ltd (CPI Ltd) was set up in 2021 to guard, administer and manage the Code for Construction Product Information (CCPI), to manage its development and also to deliver independent verification of conformance to the Code. CPI Ltd continues to be owned by the Construction Product Association. However, CPI Ltd is established at 'arms length' from industry as a not-for-profit organisation with independent governance structure managed by an independent Non-Executive Chair and Non-Executive Board of Directors.

THE ROLE

The role of a Non-Executive Director (NED) is to work with the Independent Non-Executive Chairman and CPI Ltd Chief Executive to deliver the CCPI's vision and ensure the effective operation, development, and stewardship of the organisation's strategy.

Each NED should have experience of serving on high performing boards and of providing strategic thinking and insight. As well as being an excellent and persuasive communicator you will be used to engaging a broad range of stakeholders at the very highest level of industry and government. Your personal gravitas and collaborative approach will mean that you are a credible and effective influencer, and you will leverage these exceptional skills to build strong and impactful relationships.

EXPERIENCE AND SKILLS

We are particularly keen to attract exceptional candidates from both within, as well as outside of the construction product sector, where product information management responsibilities apply, for example, aviation, chemical, rail industries, etc, and with background or substantial knowledge of one or more of the following:

- The entire manufacturing product cycle from design to completion and distribution
- Product information creation and management at an industry cross-sector or strategic level
- A similar voluntary code/scheme to the CCPI in other sectors or industries
- Knowledge and/or experience of trading standards, advertising standards or other regulatory standards
- Knowledge and/or experience of marketing, ideally in a product environment
- Knowledge of products, product specification and production information management.
- Knowledge of digitalisation, digital innovation and data management in an assessment or verification environment
- Construction client procurement or public sector/Government procurement

We have current vacancies which we are seeking to fill for specific skills and experience as follows. Therefore candidates will need to demonstrate high-level skills and professional experience in one or more of the following areas:

- **Commercial/financial**
- **IT/AI development**
- **Legal or regulatory understanding**

LOCATION: Virtual and occasionally London
TIME COMMITMENT: up to 2-3 days per quarter
DURATION: Up to two terms of three years each
REMUNERATION: Voluntary

APPLICATION PROCESS

Please contact Kate Scott at kate.scott@cpicode.org.uk to register your interest and to receive a copy of the application pack.

Recruitment Timescales

The closing date for applications for these NED roles is **March 15th 2024**
